Ultra Slim Body and Lighter Weight

The -E model has an ultra-slim body and is lighter, making it convenient for office and home usage.

More Comfortable Angle

The flexible base helps you find the most comfortable and healthy posture for home entertainment or business work.

More in Tune with the Background

The elegant and sleek triangular base design matches your home and office decoration style.

Work Efficiently without Stuttering

High refresh rate 100hz and short response time 5ms make the dynamic picture display smooth, reducing stuttering and dragging, and create an efficient office experience.

Clearer Text and Images

Higher contrast makes text and images appear clearer and more detailed, bringing you a better business and entertainment experience.

Rich and Brilliant Colors

Brilliant colors and rich picture layering provide a vivid display for an immersive effect when watching dramas.

Still Clear and Bright When Viewed Obliquely

Wider viewing angle allows you to see perfect picture quality even at a biased location, improving the collaboration efficiency of your work.

Healthy Eye Care to Reduce Fatigue

Our low blue light feature reduces harmful wavelengths emitted without sacrificing color composition, ensuring healthy eye care.
